DEPARTMENT ASSOCIATION ACTIVITIES:

The students of the Management Association held on different activity programs under a Swachh Bharat Abhiyaan like the **cleaning Campus**. We organized **Health Checkup Camp** in coordination with NAMCO Hospital, Nasik and **Covid Vaccine Drive** under **Mission Yuva Swasthya** at our institute. All students and staff participated and benefited through this drives .Also, we attained online activities like **Pariksha pe Charcha by PM** and under **Fit India** drive the institute has organized various sports activities.

Student activities support the goal of teaching students to be responsible and give them opportunities that develop character, critical thinking, problem-solving, team building, and leadership skills. Research has shown a strong relationship between participation in student activities and academic achievement.

CSR Activity-Students are well aware of the fact that if they want to grow in life, being a responsible citizen is a must. By being a part of corporate social activities, the chances of economic development increase as well. This helps the student as well as the place they belong to a great extent.The purpose of corporate social responsibility is to give back to the community, take part in philanthropic causes, and provide positive social value .

Poster Presentation:

A poster presentation is a way to communicate your research or your understanding of a topic in a concise and visually engaging format. Our institute had organized inter college Poster Presentation Competition on the theme “Reduce Recycle Reuse”. The students from different Arts, Science ,Commerce and Pharmacy Colleges participated in this competition.

GROUP DISCUSSION:

Group Discussion is a type of discussion which involves students sharing ideas. Students in the group discussion are connected with one basic idea. Based on that idea, everyone in the group represents their perspective.

The purpose of a discussion is to help each group member explore and discover the personal meanings of a text through interaction with other students.

Discussion is important to learning in all disciplines because it helps the student process information rather than simply receive it. Performing this event students are able to build their interpersonal communication skills, confidence in public speaking, team spirit, leadership abilities, social behavior, and problem-solving skills.

CLASSROOM PRESENTATION:

Institute provides the student an opportunity to express themselves through presentation. Faculty encourages and motivates the student for giving the presentation in front of other students in the classroom. Students are able to make their presentations and they are improving their presentation skills, Communication, Posture, and Body Language while Presenting.

FIELD VISIT:

A field is one of the best tools that we can use to provide every student with real-world experiences. Whether that's a Field visit to the local grocery store student participation contributes to their understanding of the world. They begin to see that what they learn within the walls of the classroom can help them solve the problems they see in the world around them and can have a direct impact on who they become as people.

INDUSTRIAL VISIT:

Industrial visits have their importance in a career of a student pursuing a professional degree course like an MBA, or MCA. It constitutes a part of the core course curriculum taught at the college. The objective of an industrial visit is to provide the students an insight into the internal working of companies. Today, we all perfectly understand that theoretical knowledge is just not enough for a successful professional career. Industrial visit provides students a much more relevant practical perspective of the actual workplace and the larger world of business. All this makes the importance of Industrial visits all too evident, especially for students pursuing a professional management course like MBA, MCA.

Key points of importance of Industrial visits-

- Industrial visits provide the students with an opportunity to learn practically through interaction, working methods, and employment practices.
- It gives the students exposure to current work practices as opposed to theoretical knowledge being taught in their college classrooms.
- Industrial visits grant the students a great opportunity to interact with industries and know more about the industrial environment.
- Industrial visits are arranged by colleges for their respective students with the objective of providing them an opportunity to explore the different industry sectors like IT, manufacturing, services, finance, and marketing.
- Industrial visit helps students to combine their theoretical knowledge of business operations with the practical knowledge of its actual functioning.
