Approved by AICTE, New Delhi, Recognized by DTE, Govt. of Maharashtra
Affiliated to Savitribai Phule Pune University, Pune

1 Green campus initiatives include:

1.1 The institutional initiatives for green campus are as follows:

College Campus

2. Alternate sources of energy and energy conservation measures

Roof top Solar

Diesel Generator

3.Disabled-friendly, barrier free environment

Ramp facility for Specially abled

Lift facility for Specially abled

2) Management of the Various Types of Degradable and Non degradable Waste.

Tree waste, such as branches, leaves, and other organic matter, can be composted to create nutrient-rich soil amendments. In composting, organic waste is piled or contained in designated areas. Composting tree waste helps divert organic matter from landfills, reduces greenhouse gas emissions, and promotes sustainable waste management practices. burying solid waste and tree waste in the ground can be an effective waste management strategy when conducted responsibly and in compliance with environmental regulations.

3) Water Conservation

Rainwater collected on terrace of our institute directed into an underground tank with a capacity of 4000 litres. This harvested rainwater is then used for watering purposes in the garden.

4) Green Campus initiatives

Tree plantation, campus cleaning, and creating a pollution-free campus are integral components of environmental sustainability efforts in our institutions

5) Disabled Friendly ,Barrier free environment

Providing ramp facilities for disabled students and installing elevators are crucial steps towards ensuring accessibility for students.
