Malegaon

The college aims to regularly conduct a Green Audit of our college campus to assess our strengths and weaknesses to further our goals of long-term sustainability. A green audit is a useful tool to determine how and where most energy or water or resources are being used. The college can then consider how to implement changes and make savings. It can determine the type and volume of waste. Recycling projects or waste minimization plans can be adopted. It will create health consciousness and promote environmental values and ethics. It provides a better understanding of the impact of eco- friendly practices on campus. Green auditing will promote financial savings through reduction of resource use.

The College will conduct Green Audit every two year to identify, quantify, describe and prioritize a framework of Environment Sustainability in compliance with the applicable regulations, policies and standards. A gardener and full time staff are appointed for the maintenance of clean and Green Campus.

14.8 An Energy Audit to be conducted as and when required to further reduce its carbon footprint. The importance of reducing energy consumption cannot be overstated. The energy audit, with its specialized tools will identify wastage of energy. Such an inspection often reveals several different flaws which cause a loss of significant amounts of energy which the college will not be able to detect. These flaws often have easy and affordable solutions and provide significant savings. PLASTIC-FREE CAMPUS

In alignment with the Government of India's initiative to combat the hazardous impact of plastic pollution, the college administration has taken a firm stance against single-use plastics, transforming the campus into a "Plastic Free Zone." The institution is committed to raising awareness about the harmful effects of single-use plastics and mandates all students torefrain from bringing non-biodegradable plastic items such as bags, cups, plates, small water bottles, straws, and sachets onto the premises.

To support this initiative, the college provides eco-friendly alternatives such as stainless steel, washable, and reusable tumblers at all water stations. Moreover, the canteen has been directed to exclusively use paper plates and cups, systematically eliminating plastic usage within the campus. The institution actively encourages students to educate their families about the detrimental effects of plastics, promoting plastic-free households.

#### **14.9** E-GOVERNANCE POLICY

#### Policy:

The College commits to integrating e-governance across all functions, emphasizing transparency and accountability.

# Scope:

This policy encompasses various aspects of the college's functioning, including:

- 1. General Administration
- 2. Student Admission
- 3. Examination
- 4. Library
- 5. Accounts and Finance
- 6. ICT Infrastructure

#### Objectives:

- 1. Implement e-governance in all college operations for enhanced efficiency and simplicity.
- 2. Foster transparency and accountability throughout the institution.
- 3. Promote a paperless environment and facilitate easy access to information.
- 4. Establish a Wi-Fi-enabled campus.
- 5. Equip classrooms with ICT tools such as desktops, laptops, smart boards, and projectors.
- 6. Automate the library system for enhanced accessibility.

The following policies and procedures will be adhered to:

#### Website:

- 1. Maintain an informative college website with updates on activities, notices, andcourses.
- 2. Appoint a dedicated service provider/web designer for website management.
- 3. Form a Website Committee for regular updates and maintenance.

#### Student Admission:

- 1. Utilize a University Admission Portal for managing admissions.
- 2. Publish admission guidelines on the website.
- 3. Adhere to the e-governance policy of the University for Admission Processes.

## Accounts:

- 1. Maintain financial records through Tally software with regular training and updates.
- 2. Ensure secure online transactions (NEFT, RTGS, etc.) for payments and receipts.

## Library:

1. Use KOHA cloud-based software for library management.

2. Incorporate e-learning resources and subscribe to new journals/books based on teacher and student recommendations.

#### Communication and Collaboration:

Utilize digital platforms like WhatsApp and official social media accounts for internal communication and information dissemination.

#### Administration:

- 1. Implement biometric attendance for staff.
- 2. Use Advanced Excel for efficient database management.
- 3. Strive for a paperless administration; explore automation opportunities.

## Examination:

Adhere to the e-governance policy of the University for Examination Processes.

#### Alumni:

- 1. Create an alumni page on the website for registration, alumni profiles, feedback, etc.
- 2. Collaborate with the alumni association for regular updates and database management. ICT TOOLS: Hardware Infrastructure:
- 1. Ensure an adequate number of desktops, laptops, and printers for students and staff.
- 2. Provide computers and printers in administrative areas.
- 3. Equip classrooms with projectors and multimedia devices.

#### Software Infrastructure:

- 1. Maintain LAN for efficient data transmission.
- 2. Regularly update antivirus software for cyber security.

This E-Governance Policy reflects our commitment to integrating technology for streamlined operations, transparency, and accountability. Regular updates and training will ensure the effective implementation of these initiatives, fostering a progressive learning and working environment within the institution.
